Gurney's Famous GREEN THUMB COLLECTION of HARDY PERENNIALS

These 5 perennials are sure growers—will do well for any one anywhere—that's why we call this our "Green Thumb" collection. These are hardy, field-grown plants, worth at least 35¢ apiece. And, they are especially adapted for fall planting. That's why we have included one Oriental Poppy; it alone is listed at 59¢ in this catalog.

This is what you get:

- 1 Glowing Ember Poppy
- 1 Daily Sketch Phlox
- 1 Yellow Carnation
- 1 Deep Blue Delphinium Bellamosum
- 1 Kansas Ingleside Iris

All 5 for only **\$1.00** POSTPAID
No. B3289X

GLOWING EMBER POPPY

FREE GIFT: 1 long-spurred, hybrid Columbine of the Mrs. Scott Elliott strain.

DAILY SKETCH PHLOX

Tall, Stately DELPHINIUM

Delphiniums are universally grown and loved. If we could have just one perennial, it most certainly would be a Delphinium. They will grow almost anywhere. If cut back after blooming, they will bloom again, and sometimes a third time. Flower stalks often get head-high.

DELPHINIUM COLLECTION No. B3290X

POLKA DOT

Gurney's HARDY PHLOX

If you haven't planted any Phlox during the past several years, you should do so and discover for yourself how much bigger and brighter and more beautiful these new varieties are. They are very hardy, asking only a little care and plenty of sunshine. Each of these six varieties is a beauty in itself and, planted all together, they make a bright rainbow of color:

- B1600—AFRICA. A bright crimson.
 - B1669—WORLD PEACE. New and beautiful white.
 - B1652—PINKETTE. A large shell pink.
 - B1660—STARLIGHT. Clear rich violet with a white star in the center.
 - B1657—SALMON GLOW. Large, and one of the best.
 - B1651—POLKA DOT. Huge white flowers with brilliant carmine eye.
- Individual prices: 45¢ each; 3 for 1.15, ppd.

WHAT TO FALL PLANT AND HOW TO PLANT IT

Fall planting is becoming more popular every year as more and more people learn of its advantages. The main one is, that with the coming of spring, the plants are already in the ground to take advantage of moisture from melting snow and early spring rain. As a result the plants get a good start, and become well established before hot weather sets in.

No matter where you live you can safely fall plant any of the stock listed in this catalog with the following exceptions: Page 5 contains mostly special items for the South and are not recommended for planting in other regions. If you live north of central Iowa or central Nebraska, you should "heel-in" all trees and shrubs by burying the stock in a small trench, tops and all. They will come through the winter in perfect planting condition, and will be on hand for planting when early spring arrives.

The "fall bulbs" can be planted during fall and early winter only. Mulch with leaves or straw immediately after planting.

Plant all perennial flowers and strawberries in the fall just as you would in the spring. Don't mound dirt over them, as they have fleshy crowns, and don't mulch them until after the ground freezes. In early fall, plant Oriental Poppy roots two feet apart, in well-drained, sunny location.

When planting trees, bramble fruits, and shrubs (including roses), be sure to mound them with dirt to prevent heaving from alternate freezing and thawing during the winter. Remove this mound of dirt gently in early spring after growth starts.

How late can you fall plant? As long as you can work the ground, even if you have to break a frozen top crust several inches thick. It is only necessary that the soil underneath be fine enough to pack well around the roots or bulbs.

Trees and shrubs must lose their leaves and "ripen-up" before they can be safely dug and shipped. Usually this means that shipment cannot be made until after October 15th. Be sure to water thoroughly if the ground is dry, and don't expect your fall planted stock to show signs of growth this fall, as they are not entering a growing period, and should remain dormant for the winter. Madonna Lilies and Oriental Poppies are an exception, and may make considerable green growth this fall. Cover them with light mulch after the ground freezes.

See our 1953 Spring Catalog for complete line of nursery stock, seeds and baby chicks.

Gurney's Nursery Stock is GUARANTEED

We guarantee all our nursery stock to be state inspected, free from disease, true to name, and first class in every way.

Examine the nursery stock carefully when you receive it. If you are not pleased with it in every way, return it promptly at our expense and we will replace it at once, or refund your money in full, whichever you prefer.

After you have planted it, if it fails to grow owing to weather conditions or other factors over which we have no control, we will replace losses at half price the following season, if you notify us not later than July 1, 1953. Accompany your report with a remittance of one-half the original purchase price.

FALL-BLOOMING IRIS

SEE ILLUSTRATIONS AT FAR RIGHT

These Iris grow just like the others, and have blooms that are just the same. The difference is that these bloom not once a year, but twice, first in the late spring and again in the fall. Give you lots of blooms, and still are very economical to plant.

PRICES: 39c each; 3 for 98c, postpaid.

B1152—AUTUMN KING. A beautiful, and very popular, bi-color Iris with large blooms of blue and purple.

B1156—BLACK MAGIC. Pictured at right. It is a rich, velvety black-purple. The picture doesn't do it justice.

B1153—AUTUMN QUEEN. Also pictured at right. This is snow white and often blooms seven months of the year!

B1190—SOUTHLAND. Also pictured at the right. A deep, golden yellow, and winner of the American Iris Society's Award of Merit.

SUPERFECTION

STRAWBERRIES

Where fall planting of strawberries is practical, it is better than spring planting because the plants make root growth in the winter and get a quick, healthy growth in the spring before hot weather hits. They can be planted safely as far north as the middle of Iowa. But mulch after ground freezes so frost won't heave them out of the ground the first winter.

EVERBEARERS

B4132—SUPERFECTION. We think Superfection is the answer to a long search for the perfect Everbearing strawberry. It bears an abundance of large red, very sweet, and richly flavored berries. And, just as important, it is a strong grower and a fine plant maker, bears two heavy berry crops a year. 25 for 2.38; 50 for 4.25; 100 for 7.98, ppd.

B4112—NEW GEM. The longest bearing Everbearer. Stands drouth well. 25 for 2.10; 50 for 3.65; 100 for 5.98; 500 for 24.98, ppd.

B4131—STREAMLINER. So sweet requires little sugar. Big yields from July until freezing. Jumbo-size fruit. 25 for 2.38; 50 for 4.25; 100 for 7.98, ppd.

JUNE BEARERS

B4127—NEW ROBINSON. This is the finest June Bearer, a medium-late. Berries are large, firm and a brilliant scarlet red. The big, glossy fruit brings a premium price on the market. Delicious for table use and a wonderful canner and preserver. 50 for 1.69; 100 for 2.98; 200 for 5.69; 500 for 11.29; postpaid. 1000 for 19.75, Express Not Prepaid.

B4103—BLAKEMORE. Will stand more hot weather. A heavy bearer with large, well-colored fruit that holds its shape even when canned and preserved. Ideal for southern gardens. 50 for 1.39; 100 for 2.49; 200 for 4.79; 500 for 10.98, ppd.

B4107—SENATOR DUNLAP. The old reliable. Rugged, vigorous, productive. 50 for 1.39; 100 for 2.49; 200 for 4.79; 500 for 10.98, ppd.

RED GLORY

BLUE MIST SPIREA

Hardy New Blue Mist Coryopteris **A3930**—Low growing shrub that blooms all summer and fall. Silvery green foliage and light blue flowers. We expect it will be hardy anywhere a Butterfly Bush will grow. May die down to the ground in winter, but will come up and bloom again next spring. 69c each; 3 for 1.89, postpaid.

PINK FLOWERING DOGWOOD

A4217—A Dogwood with blossoms pink, not white. Very beautiful. Hardy except north of Iowa. It does well in partial shade. Is literally smothered with deep pink flowers before the leaves come in the spring. Root wrapped, 18 to 24-inch size, 2.69 each; 2 for 4.98, postpaid.

ROSES

From Missouri south, everyone should plant roses in the fall. In Oklahoma-Texas region and eastward, they always do better fall planted because the roots get established and plants get more early spring moisture. But even north of Iowa, many experts bury rose plants in the fall, 10 to 12 in. deep, then mound over with dirt. With the earliest spring growing weather, they dig them up and plant them.

Early GIANT CROCUS

They Bloom through the Melting Snows

Crocus are a colorful delight every spring because they come up and bloom with the melting snowdrifts and are so welcome after the long winter months. They are first to bloom each spring. Yes, you can grow them among the shrubbery, or right out in the open lawn. Good in corners, or rock gardens, too. Very easy to grow. These are the giant-flowering kind, and Holland grown:

Gurney's DAFFODILS

If you want to be sure of blooms, and want a showing as good as any professional's, plant Daffodils. They are sure to grow in spite of adversity, never giving any trouble, and each spring they produce healthy, gay and colorful blooms. You can depend upon them.

You shouldn't try to achieve formal effects with them. Don't put them in straight rows or squared beds. They look best along the edge of the shrubbery, or strewn across the lawn. Lots of people plant Daffodils by taking the bulbs in handfuls and scattering them rather carelessly across the lawn or a grassy slope. Then they plant the bulbs 5 inches deep wherever they fall. They come up then as a natural part of the landscape, as if man had nothing to do with it. Try it and see for yourself.

To keep them blooming year after year, dig them up about every third year, separate them, and plant them again. Do this in July or early August.

We chose the following Daffodils for you because they not only are some of the best but give you a good range of colors, shapes and sizes. All of them are imported by us, for you, from Holland.

Cheerfulness

B6610—KING ALFRED. Probably the most popular of all Daffodils, and certainly one of the best. Make a golden yellow flower 4 to 5 inches across with a trumpet 2 inches long. Very good for forcing too. 3 for 50c; 6 for 85c; 12 for 1.49, postpaid.

B6615—ORANGE GLOW. Another large one, usually about 4½ inches across. Has a heavily frilled, deep orange cup. 3 for 48c; 6 for 79c; 12 for 1.39, postpaid.

B6602—CHEERFULNESS. A new one that will delight you. Has several blossoms on each stem, each blossom double, and very sweet scented. Also forces well. 3 for 48c; 6 for 79c; 12 for 1.39, postpaid.

B6613—MRS. ERNEST H. KRELAGE. Like King Alfred excepting the color is ivory white. 3 for 63c; 6 for 1.10; 12 for 1.98, postpaid.

B6621—RED RIM (Actea). A large white flower with yellow eye and broad edge of deep orange red. 3 for 58c; 6 for 92c; 12 for 1.65, postpaid.

Mrs. E. H. Krelage

B6609—INDIAN CHIEF. A strikingly beautiful new double Daffodil that you will like. Illustrated at left. 3 for 60c; 6 for 98c; 12 for 1.75, postpaid.

B6614—MRS. R. O. BACKHOUSE. This is the famous Pink Daffodil. Very beautiful, and of good substance and long lasting. Ivory white petals with long trumpet of apricot-pink having a fringed edge of shell-pink. 3 for 70c; 6 for 1.25; 12 for 2.29, postpaid.

B6624—THE NEW SUNSET. A new beauty from Holland. Deep scarlet-orange cup and bright golden yellow petals. One of the best short cup varieties. 3 for 48c; 6 for 79c; 12 for 1.39, postpaid.

SUPER DAFFODIL OFFER

B7602X—2 each of the 8 varieties listed here. 16 Daffodils in all for only 2.19, postpaid.

HYACINTHS

Extra hardy, easy-to-grow flowers of colorful beauty and having a sweet, delicate scent.

Like Daffodils, Hyacinths are very hardy and easy to grow, requiring very little attention. In fact, they are very good planted with Daffodils. But unlike Daffodils, they usually are planted more formally—in rows or beds—although they may be handled informally. They usually get about 12" high, and are especially good as a front for Tulips, or may be combined with the lower-growing flowers such as Grape Hyacinth or Pansies. Hyacinths like a rich, well-drained soil and are best planted about 6" deep and 6 to 9" apart.

Hyacinths also are a favorite for in-

door forcing. Special glasses are made for this purpose, but a Mason jar will do. Just place the bulb on the top rim of the glass or jar and fill the jar with water until it touches the root base. Keep in a cool, dark place, adding water (but not changing it) as necessary. When the bulb gets about 4 inches of top growth (this usually takes about 8 weeks) place in a north window and they will bloom beautifully. This forcing should be started in midwinter—December, January or early February.

Hyacinth Prices: 3 for 85c; 6 for 1.65; 12 for 2.98; 25 for 5.89, postpaid.

B6502—BISMARCK. The best blue Hyacinth. A deep porcelain blue with broad, well-formed spikes on strong stems. Excellent for early forcing too.

B6530—PINK PEARL. A lovely bright pink—really a rose-pink with lighter edges. Has a large spike of fine bells.

Very fine for a late Easter.

B6522—L'INNOCENCE. This is the best and most popular white Hyacinth. Has broad, well-shaped bells that are pure white. Blooms early.

B6504—CITY OF HAARLEM. The best yellow Hyacinth. Has well-formed trusses of golden yellow flowers.

B6520—LA VICTOIRE. A brilliant carmine-rose that blooms very early. Has large, well-filled spikes. A very showy variety ideal for adding bright color to your garden.

10 MIXED DAFFODILS FOR ONLY 98c

B6612—A mixture of earlies, later, big ones, little ones, all shapes and sizes, including expensive varieties. Priced so low you can get quantity enough for a good showing of good Daffodils. 10 for 98c; 25 for 1.98; 50 for 3.49, postpaid.

HYACINTH GARDEN SPECIAL

30 Bulbs for Only 6.75

B7502X—A large planting of Hyacinths, such as is shown here, is one of the most colorful floral sights imaginable. And did you know that Hyacinths are the most fragrant of all spring flowers? For this collection we send you 6 bulbs of each of the 5 colors illustrated to the left so that you can have a full-scale color arrangement.

L'Innocence

SCOTCH LASSIE

B6120—Purest deep purple on a dark blue base. Ideal contrast for lighter shades. Flowers large and slightly reflexing. Extremely long lasting. 3 for 48c; 6 for 79c; 12 for 1.34; 25 for 2.45, postpaid.

YELLOW GIANT

B6141—The best all-yellow Darwin we know of—a rich, bright, golden yellow. Very large. 3 for 45c; 6 for 75c; 12 for 1.19; 25 for 2.29, postpaid.

WHITE GIANT

B6136—Large, snow-white petals on tall, strong stems. One of the best of all white tulips. 3 for 45c; 6 for 75c; 12 for 1.19; 25 for 2.29, postpaid.

MAUVE BEAUTY

B6097—Brand new. Beautiful mauve (silvery heliotrope), with a shade of lilac toward the edge of the petals. Large flowers. Long stems. 3 for 50c; 6 for 85c; 12 for 1.49; 25 for 2.59, ppd.

QUEEN OF THE NORTH

B6114—Largest of all Darwins. A bi-colored white edged with clear pink. A beautiful tulip everyone loves. 3 for 58c; 6 for 92c; 12 for 1.65; 25 for 2.98, ppd.

QUEEN OF THE NIGHT

B6113—Probably the best and darkest of all the "black" tulips, and one of the best of all Darwins. Large flowers on long, stiff stems. A rare beauty. 3 for 45c; 6 for 75c; 12 for 1.19; 25 for 2.29, postpaid.

B7067X—2 bulbs each of above 6 Darwins. 12 bulbs in all. Labeled. Only 1.29, ppd.

Gurney's DARWIN TULIPS

NAMED VARIETY BARGAIN

B7062X—2 each of the 12 named Darwins shown here. (Full collections of bulbs only.) 24 bulbs, 2.25, ppd. 2 collections (48 bulbs), 4.19, ppd.

The Darwins have long been the most popular of tulips because they have a full range of beautiful colors and because they make such good effects planted in beds, borders or along with other flowers. They have long, strong stems, usually 2 feet or more tall, so show up well in the garden and make good cut flowers. Of course, one of the nicest things about Darwins is that they cost so little. They bloom in May, adding beauty to the early spring garden. We suggest you plant a group of them with evergreens as a background.

We believe you ought to have a lot of tulips to make a good showing—a block of colors in a bed or a border of good length. So we make you this Rainbow Tulip Special so you can get a lot of good tulips of different colors at a low price.

These are named varieties of Darwin tulips, such as those illustrated here. And

they are fine quality, big, blooming-size bulbs. We mix 15 to 18 different varieties so you get reds, pinks, yellows, blacks, blues, whites and all the rest.

Our customers order thousands of these collections every year because the bulbs are good, their price is low and they can be depended upon for real satisfaction and beauty.

GRENADIER

B6074—One of the brightest colored reds. Holds its beautiful color well. Large flower. Has pleasant, sweet fragrance. One of the best of all tulips for bedding. 3 for 55c; 6 for 89c; 12 for 1.59; 25 for 2.79, postpaid.

CLARA BUTT

B6059—Most popular tulip of all! A fine clear pink, flushed salmon rose. Splendid bedder. 3 for 45c; 6 for 75c; 12 for 1.19; 25 for 2.29, postpaid.

CAMPFIRE

B6058—Its bright, blood-red color gives it all the brilliance and enchantment of a flaming campfire. An improved Battigon. 3 for 45c; 6 for 75c; 12 for 1.19; 25 for 2.29, ppd.

AFTERGLOW

B6050—Finest of the orange varieties. Flower is deep rose-orange with salmon edges. Fine flower. You'll like it. 3 for 45c; 6 for 75c; 12 for 1.19; 25 for 2.29, postpaid.

PRIDE OF HOLLAND

B6110—A very large yellow with a red edge. Makes a very attractive garden tulip. 3 for 50c; 6 for 85c; 12 for 1.49; 25 for 2.59, postpaid.

RED SIGNAL

B6117—We think this is the biggest, reddest and one of the finest of all the Darwins. Has beautiful, huge, bowl-shaped flowers on sturdy stems. An excellent keeper. 3 for 50c; 6 for 85c; 12 for 1.49; 25 for 2.59, ppd.

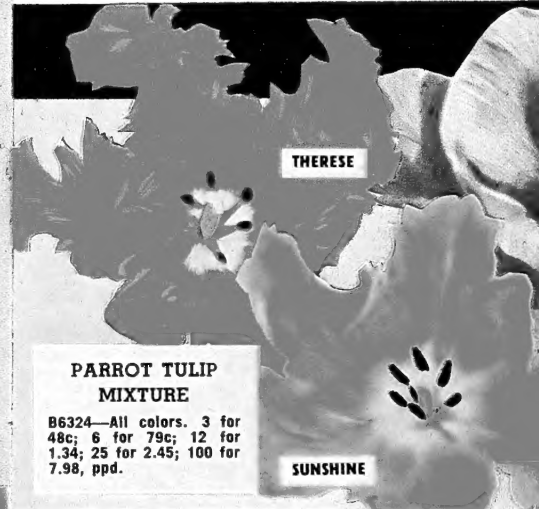

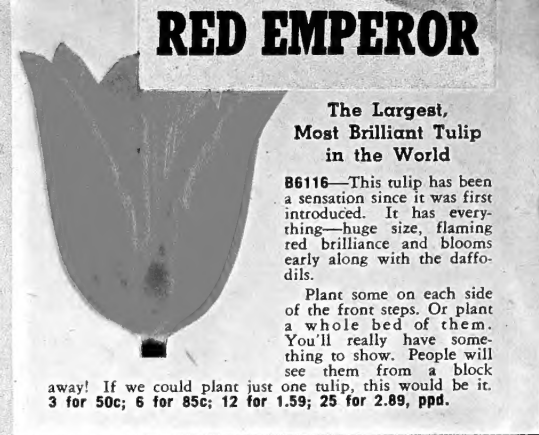

B7068X—2 bulbs each of above 6 Darwins. 12 bulbs in all. Labeled. Only 1.29, ppd.

RED EMPEROR

The Largest,
Most Brilliant Tulip
in the World

B6116—This tulip has been a sensation since it was first introduced. It has everything—huge size, flaming red brilliance and blooms early along with the daffodils.

Plant some on each side of the front steps. Or plant a whole bed of them. You'll really have something to show. People will see them from a block away! If we could plant just one tulip, this would be it. 3 for 50c; 6 for 85c; 12 for 1.59; 25 for 2.89, ppd.

PARROT TULIP MIXTURE

FUSELIER

Produces 2 to 5 Blossoms from Every Stem

B6025—You'll like this one, and your neighbors will talk about it, because it throws 2 to 5 blossoms from one stem. Each blossom is a gleaming orange-scarlet. This tulip not only is different but is one of the brightest red tulips we offer. A bed or border of them is extremely striking. 3 for 70c; 6 for 1.20; 12 for 2.15, postpaid.

A Whole Bouquet of
Tulips on One Stem

REMBRANDT "the painted tulips"

B6374—These are the famous "painted tulips" and ours are the true Rembrandts, direct from Holland where the best of this kind are grown.

We have always liked Rembrandts because we know most people like plenty of color and the Rembrandts certainly are colorful. They grow like Darwin tulips, are about the same size and shape, but the flowers are

beautifully striped, flamed and tinted with gorgeous colors. Every garden should have some of these lovely tulips. If yours hasn't, order some Rembrandts this fall. They will be the envy of your neighborhood. Mixed Rembrandts (all colors) 3 for 55c; 6 for 89c; 12 for 1.59; 25 for 2.79; 100 for 9.98, ppd.

AMERICAN FLAG

B6350—Newest and probably best of the Rembrandt tulips. Bright red, striped and flaked with white. We made a good buy on these and are passing the saving on to you. 3 for 58c; 6 for 92c; 12 for 1.65; 25 for 2.98, ppd.

New FRINGED Tulips

(PARROT TULIPS)

These are the popular, gorgeously colored, fringed tulips. Some are brilliantly striped green and yellow like a parrot. Others are frilled red, blue, pink, yellow and white. All are big—often 7 or 8 inches across.

NAMED VARIETIES BARGAIN

B7200X—3 each of the 5 beautiful Fringed Tulips illustrated here. 15 bulbs in all. Labeled as to variety. Only 1.95, postpaid.

All our perennials are fresh-dug from our own fields, carefully packed to arrive in perfect condition. Order now. Ready for shipment in September and October.

PAINTED DAISY

(Pyrethrum) Painted Daisies are one of the most popular of all perennials because they produce showy flowers of different shades of red and pink on stems 2½ to 3 feet tall. They grow in compact tufts and have a finely cut, attractive foliage. These things combine to make them not only a showy garden flower, but one ideal for cutting. Plant 3 or more from 12 to 15 inches apart in order to get a real show of color. They do best in the sun and are very easy to grow.

- B2168—Red.** **B2167—Pink.**

BLAZ-O-MUMS

These miracle mums start blooming the first year. By late summer and early fall they are completely covered with beautiful flowers. We have seen many Blaz-O-Mums 3 feet across and 2 feet high covered with flowers so solid and thick that no foliage showed. By actual count, over 1,000 blooms on some plants the first year and even more the second. Do well everywhere.

For Better Plants, Lawns and Trees

GREEN THUMB PLANT FOOD

Easy, Safe, Inexpensive

If your plants get hungry and sickly, with yellow leaves, stunted growth and few flowers, they need food and water and cultivation. You can either spend hours fertilizing these hungry plants or you can use Gurney's GREEN THUMB PLANT FOOD and do a better job in a short time. Very good for starting newly planted things off right too.

Besides being an excellent food for indoor and outdoor plants and flowers, it works

equally well on lawns, shrubs, trees and vegetables. That's because it is composed of important plant nutrients that, when mixed with water, become available immediately to the hungry roots. You can see results in a few days.

Just mix 1 tablespoonful with a gallon of water and pour around plant just like you were watering. It is odorless and non-poisonous, but contains the nutrition growing things need.

LOW COST

1 tablespoonful of Gurney's Green Thumb Plant Food plus water makes 1 gallon of liquid fertilizer. No. 4041—16-oz. pkg. only \$1.09, ppd.

PETER RABBIT Repellent

Stops Rabbit Damage to Trees and Shrubs

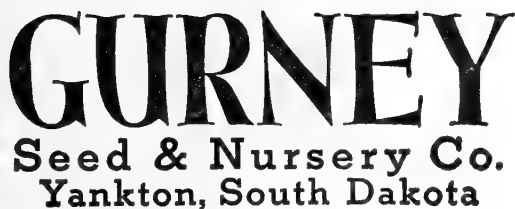

4057—Why let rabbits damage your trees and shrubs when you can stop them so easily? Simply paint or spray Peter Rabbit Repellent on tree or shrub trunks and rabbits will not bother them. Full directions on each can. One Quart (enough to treat 30 to 40 trees one inch in diameter), 1.59, postpaid.

SOOT DESTROYER

4049—Destroys soot and carbon in oil or coal fired stoves, boilers and furnaces without interruption of service. Prevents flu or chimney fires. Destroying soot and carbon also means more heat from less fuel. Non-explosive. Easy to use. Guaranteed. 50c per can; 3 cans for 1.35, postpaid.

NEW Lady Geneva AFRICAN VIOLET

Blossoms of deep blue edged frosty white
ONE OF THE WORLD'S MOST
BEAUTIFUL AFRICAN VIOLETS

only
\$1.50 each
postpaid
No. 2N2055

There is no other African Violet like Lady Geneva. It truly is one of the world's most beautiful African Violets. Each blossom is of the deepest blue, edged with a sparkling frosty white. And the white edging gets more pronounced as the plant gets older. . . . In addition to being one of the very few two-color African Violets, Lady Geneva is a good bloomer and strong grower. This lovely plant currently is being sold by some nurseries at prices up to \$2.75. But to our friends and customers we are offering Lady Geneva (which is patented and can be sold only under license) for the low price of only \$1.50, postpaid. All our plants are good, clean, healthy and disease-free. We guarantee your complete satisfaction or your money back.

GLACIER IVY — a lovely house plant that requires no sunshine
LEAVES OF DEEP GREEN ARE
FROSTED SNOWY WHITE

Glacier Ivy is a brand new, beautifully variegated, house ivy. In fact, we think it's the showiest of all house ivies.

The deep green of the leaves is beautifully frosted with snowy white—making it an extremely attractive and decorative plant. Its leaves are small and the plant branches freely. And, because Glacier Ivy requires no sunshine, you can grow it anywhere in your house and it will do well.

If you're looking for a beautiful, useful, easy-to-grow house ivy, we suggest you try this new Glacier Ivy.

All our plants are good, clean, healthy and disease-free. We guarantee your complete satisfaction or your money back.

You'll Love Gurney's Rare, Double "Rose Bud" BEGONIAS

Each Blossom is Fully Double — Looks like a miniature Rose Bud

Rose Bud Begonias are among the scarcest of all the wax Begonias and, therefore, are seldom offered. The leaves are broad, bright green, and highly waxed. The flowers are fully double and before opening fully, look exactly like tiny rose buds. The plants are full of flowers most of the year.

All our plants are good, clean, healthy and disease-free. We guarantee your complete satisfaction or your money back.

NEW LINCOLN BROME

New, hardy, selected strain of smooth Brome perfect for the Dakotas, Nebraska, Iowa, etc. Excellent spring, summer and late fall pasture, and high quality hay. Equal in protein content to alfalfa. All bright, clean, heavyweight seed. Plant 15 lbs. per acre alone or with alfalfa.

**NEW MERION BLUE GRASS
MIXTURE**

This new 100% perennial grass mixture is a dandy. Contains approximately 30% Merion Blue Grass; 60% Creeping Fescue; 10% Highland Bent. For an extra-heavy turf, dark green lawn that stays green, stands closer mowing, is disease resistant and perfectly hardy, plant this Merion mixture. Fall is ideal time to plant.

Merion Blue Grass doesn't "go to sleep" in the summer months. Stay dark green, low growing, disease-resistant and helps fight off Crabgrass invasion. Creeping Fescue makes a fine companion with Merion. It spreads by root runners, thickens turf, does well on all type soils and in shade. Highland Bent is drought and disease-resistant, grows fast and covers bare spots quickly. 1 pound of mixture covers 750 square feet. Goes 3 times farther than regular bluegrass mixtures. Takes less seed when you plan Merion mixture so your actual cost is no more and you have a nicer lawn. Try it!

1 lb., 2.45; 3 lbs., 7.15; 5 lbs., 11.50; 10 lbs., 22.50. All Postpaid.

MERION BLUE GRASS

For those of you who want the pure unmixed Merion Blue, we can offer limited quantities at not more than 5 lbs. per customer. Plant one pound to 750 square feet. **1 lb., 4.75; 3 lbs., 13.65; 5 lbs., 21.75; all postpaid.** Absolutely the last word in Blue Grass. Order yours now while we have it. Don't wait until spring to order. We sold out last year by January.

LILIES

New CENTIFOLIUM HYBRID

B5020—These are magnificent pure white hybrids from the West Coast, and far outshine the Regal Lily in every respect. They are the result of over 15 years of hybridizing, and the crossing of dozens of lily species. The plants have an abundance of rich green foliage and each year add more and more flowers to their clusters—sometimes great clusters of 50 or more huge blossoms crown the top of a flowering stem.

The flowers are trumpet-shaped, as you can see by the photograph at the far left, being pure white inside with the reverse of the petals often pink, emerald green, or brown, making some beautiful color contrasts. Very hardy and, because of their deep root system, stand severe drouth well. Plant 6 inches deep. 59c each; 3 for 1.49, postpaid.

Here are some of the very good popular lilies, plus some outstanding new ones that are easier to grow and more beautiful than any you have ever seen before.

All lilies listed here can be planted this fall. If you live where the ground freezes, mulch with 4" of coarse straw after (not before) the ground is frozen.

Madonna Lily Improved Cascade Strain

B5023—The result of years of work by a French hybridist, this new Cascade strain has tremendous vigor and surpasses all other Madonnas not only in height of stalk and size of flowers but also in resistance to the lily disease, Botrytis. Plant not over 2 to 3" deep. Must be fall planted. 59c each; 3 for 1.49.

3 Outstanding NEW Hybrid LILIES

The three lilies described below are the result of over 20 years of hybridizing by Mr. Carlton Yerex of Oregon. Lily experts already have recognized them as three of the world's best and most beautiful strains of lilies.

B5000—AURELIAN HYBRID. These are wide, flaring trumpet lilies six inches and more across in beautiful color combinations, including sunburst effects. Tall, sturdy plants are very easy to grow; live a long time; are entirely hardy. Plant 6" deep. 1.69 each; 3 for 4.98, ppd.

B5024—PINK TRUMPET. Long trumpet lilies that actually are a beautiful shell pink. Also very hardy and easy to grow but the lilies are apt to fade in hot, direct sunlight so give best results in partial shade. Or screen some at time of blooming. Plant 6" deep. 2.75, ppd.

B5035—YELLOW TRUMPET. From the same seedling strain as the spike of blooms that won the Griffith Cup and the Sweepstakes Award at the 1950 National Lily Show, and "Award of Merit" at the 1951 show. Grows much like Regal, but in beautiful shades of clear yellow and apricot, with stronger stems and larger flowers. 2.00 each; 3 for 5.98, ppd.

SPECIAL LILY COLLECTION
B3452X—1 Coral, 1 Regal, 1 Flame, 1 Pink Show, 1 new Centifolium Hybrid—all 5 for only 1.89, ppd.

RAINBOW HYBRIDS

B5026—These are big, brilliantly colored new hybrids from the west coast. Have a lot of Flame Lily (Red Russian) parentage, so are absolutely hardy and very easy to grow. The gorgeous colors run from pale yellow to deepest golds with many maroons and red. Tall, strong stems. A real buy at our low prices of 59c each; 3 for 1.49; 5 for 2.25, ppd.

PINK SHOW

B5030 (Speciosum Rubrum). One of the most beautiful of the better known lilies. Carmine red on a white ground with crimson spots. Very hardy. Plant 9" deep. 75c each; 3 for 1.98, ppd.

CORAL

B5003—A small lily of brilliant coral red. Exceedingly hardy as comes from Siberia. Many deep, waxen, recurved flowers to each plant. Plant 4 to 6" deep. 29c each; 3 for 75c; 5 for 1.19, ppd.

REGAL

B5027—One of the most popular lilies. The pure white petals are tinged lightly yellow inside, lilac outside. A profuse bloomer. Plant 8 to 10" deep. 35c each; 3 for 79c; 5 for 1.19.

FLAME

B5007—(Red Russian). You can depend upon it to produce an amazing number of huge, brilliant clusters of fiery scarlet blossoms. Grows well anywhere. Entirely hardy. 35c each; 3 for 79c; 5 for 1.29.

SELECT LILY OFFER
B3460X—1 each of Henry, Pink Show, Single Tiger, Double Tiger, Coral, Regal, Flame and Centifolium—all 8 for 2.89, ppd.

2 TIGER LILIES

B5033—Single Flowered.
B5032—Double Flowered.
Large, brilliant, orange-red flowers dotted purplish black. Plant 8 to 9" deep. 59c each; 3 for 79c; 5 for 1.19, ppd.

HENRY

B5019—Grows up to nine feet tall with many large, brilliant orange flowers. One of the best and strongest growing. Plant 10" deep. 59c each; 3 for 1.49; 5 for 2.25.

GURNEY'S Hardy Peonies

THERESE... A Giant Peony

B1565—This is rated by peony experts as one of the best of all peonies. You can see from the above actual photograph how beautiful it is, and how one blossom will cover four or five coffee cups. The petals are long and pointed, the outer ones being a rose pink and the inner ones forming a full, fluffy center of pale shell pink. The plant is of medium height with strong stems. A very showy midseason peony ideal for exhibition. 1.00 each; 3 for 2.69, postpaid.

3 FINE PEONIES FOR ONLY \$1.00

B3150X—Made up of several fine double varieties of which our stock was not large enough to list separately. A real buy for you.

B1509—COURONNE d'OR. A late flowering, clear white peony with crimson splashes. Has an unusual water-lily fragrance. This fine peony has been popular for a long time. 79c each; 3 for 2.19, ppd.

B1511—DUCHESS DE NEMOURS. Pure white with sulphur-white tinge. An early, vigorous growing peony. One of the finest bloomers and pleasantly fragrant. Very upright in growth. 79c each; 3 for 2.19, postpaid.

B1537—MARY BRAND. A fine peony from Faribault, Minnesota. One of the very best of all dark reds—striking in size and effect. Makes a long-lasting cut flower too. 98c each; 3 for 2.79, postpaid.

B1552—PHILIPPE RIVOIRE. A fine, fragrant, and very bright crimson red. Regarded by many as the finest red peony in existence. Certainly a very showy and beautiful one. Blooms early. 1.49 each; 2 for 2.89, postpaid.

B1541—MONS. MARTIN CAHUZAC. A mid-season peony of deep, purplish-maroon with bright golden anthers. A strong grower and free bloomer. Nearest to purple of all peonies. 89c each; 3 for 2.49, postpaid.

B1502—BRAND'S MAGNIFICENT. A large, double crimson with a purple cast. Noted for its beautiful form, prolific bloom, broad symmetrical rose-like petals, and excellent color. Blooms in late midseason. 79c each; 3 for 2.19, postpaid.

B1543—MONS. DU PONT. Large double white with yellow glow from buried stamens. Conspicuous crimson blotches in center. 79c each; 3 for 2.19, postpaid.

B1539—MODELE DE PERFECTION. Another old favorite that stays popular because of its beauty. A late variety with large blooms of light old-rose tipped silver. Good bloomer and has strong stems. 79c each; 3 for 2.19, postpaid.

B1501—AVALANCHE. A bluish white peony of waxy texture. Has large, double flowers shaped like double-decked ice cream cones. Very good cut flower. 79c each; 3 for 2.19, postpaid.

BARGAIN COLLECTION

B3154X—Here's your chance to get 3 good peonies—one red, one pink, and one white—all for only 1.35, postpaid.

DECORATION DAY Peony Collection

B3156X—Here are three popular, heavy-blooming varieties chosen especially because they bloom early, for cemetery planting, or for growing in your own yard for flowers on Decoration Day.

1 Karl Rosenfield—most popular of all deep reds

1 Mme. de Verneville—one of the finest of all whites

1 Mons. Jules Elie—a beautiful, clear pink
